Eastman Chemical Company, Tennessee Operations**

From: **Eastman Chemical Company, Tennessee Operations (Eastman)  
EPA ID Number TND 00 337 6928**

Subject: **Temporary Authorization**

On June 19, 2018, Eastman submitted to the Tennessee Department of Environment and Conservation, Division of Solid Waste Management (DSWM) a request for temporary authorization in accordance with Rule 0400-12-01-.07(9)(c)5(v) to operate a rotary kiln incinerator (RKI) with the automatic waste feed cutoff (AWFCO) system required under Hazardous Waste Management Permit TNHW-131 inactive for a period not to exceed 250 hours in order to conduct a Comprehensive Performance Test (CPT) to demonstrate compliance with 40 CFR Part 63, Subpart EEE, commonly referred to as the Hazardous Waste Combustor MACT (HWC MACT).

Eastman operates the RKI under Hazardous Waste Management Permit TNHW-131 for the treatment of pumpable and non-pumpable hazardous waste. Under a plan approved by the Tennessee Department of Environment and Conservation, Division of Air Pollution Control (DAPC) on January 31, 2018, Eastman will conduct a CPT for the RKI in order to establish operating parameter limits (OPL) for conditions that assure adequate hazardous waste treatment capacity while meeting applicable emission standards. The CPT will be conducted at worst-case operating conditions, including the treatment of hazardous waste. In order to achieve these operating conditions using hazardous waste, the AWFCO system must be inactive for the duration of the test, including when operating to reach steady-state operating conditions prior to stack emissions sampling. Eastman is requesting temporary authorization to conduct the CPT with the AWFCO system inactive. The CPT is scheduled to be conducted the week of September 10, 2018. Actual test dates will be determined based on operational conditions at the facility. Eastman will provide the applicable notifications of test dates as they are scheduled.

If you have questions concerning this request, please contact Keith Harris with Eastman at (423) 229-3926, via electronic mail at [jkharris@eastman.com](mailto:jkharris@eastman.com), or via mail at P. O. Box 511, Building 54D, 5<sup>th</sup> Floor, Kingsport, Tennessee, 37662.
